

Workshop
Novel and innovative IPM tools and/or technologies

15th June 2015

Venue: IBIS hotel,

Charles de Gaulle Airport, next to Terminal 3

<http://www.ibis.com/gb/hotel-1404-ibis-paris-cdg-airport/index.shtml>

- 9:00-10:00** **Registration**
- 10:00-10:10** **Welcome address by *Antoine Messéan*, C-IPM coordinator**
- 10:10-11:40** **Plenary talks on novel and innovative IPM tools and/or technologies (chairperson: *Per Kudsk*) (aprox. 25 min of talk + 5 min. of questions related to clarification)**
- Role of robotic technologies to boost IPM: ***Ard Nieuwenhuizen***; PROBOTIQ BV, the Netherlands
 - Innovative and user-friendly technologies for pest detection and monitoring: ***Jean-Yves Rasplus***; INRA, France
 - Advanced biotechnologies to breed resistant and/or tolerant plants: ***Mark Tepfer***; INRA, France
- 11:40-12:30** **Short plenary talks on topics somehow related to the three plenary talks (Aprox. 6 min/ talk)**
- Topic A:**
- Robotic technologies for weeding – Norwegian activities: ***Nina Trandem***, Bioforsk, Norway
- Topic B:**
- Automated insect monitoring system: ***Matej Stefancic***; EFOS, Slovenia
 - LIFE Agointegra DSS: ***Alberto Lafarga***; INTIA, Spain
 - Mobile services for pest monitoring, data storing and sharing: ***Jussi Nikander***, LUKE, Finland
 - Vite.net - a Decision Support System for sustainable viticulture: ***Sara Legler***, HORTA, Italy

Topic C:

- Monitoring Phytophthora on emerging resistance using a SSR-marker set: **Piet Boonekamp**, DLO, The Netherlands

12:30-13:30

Lunch

13:30-13:35

A short introduction on the objectives of the World Café (Per Kudsk)

13:35-16:05

World Café workshop: (10 + 40 = 50 min/topic)

In this session, the participants will be divided in three groups based on the colour previously assigned on their badge (red, green and yellow). The groups will rotate and discuss the three topics (the same of the full plenary talks) at various tables. Each group will be headed by a moderator and a minute taker. For each topic, the moderator, supported by the speakers of the morning session (both of short and full plenary talks for respective topic), will make a brief presentation of maximum 5 min. based the morning session discussion in order to trigger the discussion among participants. The ideas collected at each table will be presented by the respective moderator to the participants of the workshop.

Topic A: Role of robotic technologies to boost IPM

- Moderator: Jozsef Kiss
- Minute taker: Mette Sønderskov

Topic B: Innovative and user-friendly technologies for pest detection and monitoring

- Moderator: Piet Boonekamp
- Minute taker: Wilma Arendse

Topic C: Advanced biotechnologies to breed resistant and/or tolerant plants

- Moderator: Silke Dachbrodt-Saaydeh
- Minute taker: Jay Ram Lamichhane

16:05-16:20	Short break
16:20-16:50	Presentations of the summary of discussions by each moderator (aprox. 9 min/topic)
16:50-17:00	Closing remarks and next steps (Per Kudsk)
17:00-18:00	Governing board meeting
