

Invitation to AUSBI Annual Symposium 2025

Wednesday July 2nd, 2025, from 9:00-18:00

Aarhus Institute for Advanced Studies (AIAS), building 1631-1632, Aarhus University

The AUSBI Annual Symposium is a full-day dedicated to sharing of interdisciplinary science in structural biology and biophysics, with focus on methods and expertise available to researchers at Aarhus University. This year, the program includes both exciting invited speakers, as well as AUSBI principal investigators and selected junior researchers. Besides, we will of course have plenty of time for poster session and networking.

All researchers and students at Aarhus University, who are interested in structural biology and biophysics, from the sub-molecular to cellular scale and larger, are cordially invited to join!

The registration is open and free of charge!

Confirmed invited speakers

- **Ulrik Nicolai de Lichtenberg**, Scientific Director at Danish Centre for AI Innovation
- **Sebastian Westenhoff**, Professor at Dept. Chemistry, Uppsala University, Sweden
- **Sigrid Milles**, Group Leader at Leibniz-FMP, Berlin, Germany
- **Ansgar Petersen**, Professor at Berlin School for Regenerative Therapies, Germany

Registration

Registration link: <https://events.au.dk/ausbiannualsymposium2025/signup>

Registration deadline: **Monday June 23rd**

Abstract submission deadline: **Monday June 9th** (submit in registration to apply for talk)

Junior researchers are prioritized. Selected speakers will be informed by Friday June 13th
