

# AUSBI ANNUAL SYMPOSIUM 2026

**METHODS IN STRUCTURE AND DYNAMICS**

## INVITED SPEAKERS ↙

*A Native Mass Spectrometry Approach to Study  
Intrinsically Disordered Proteins and their Assemblies*

**CAGLA SAHIN**

Assistant Professor, Dept. Biochemistry and Molecular Biology, SDU  
Research Leader, Dept. Biochemistry and Biophysics, Stockholm University

*Quantifying Immune Function One Cell at a Time:  
From its Measurement to Translational Immunology*

**KLAUS EYER**

Associate Professor, Dept. Biomedicine, Aarhus University

*Regulatory Protein States: Characterising  
Post-Translational Modifications by Mass Spectrometry*

**MICHAEL LUND NIELSEN**

Professor, Dept. Molecular Biology and Genetics, Aarhus University

*Engineering Physiological Oxygen Supply and  
Gradients in Dense Tissues*

**NIELS BENT LARSEN**

Professor, Technical University of Denmark - Health Technology

**TUESDAY  
14<sup>TH</sup> APRIL**

FROM 09.00-18.00

**AIAS AUDITORIUM (1630-201)  
AARHUS UNIVERSITY**

**REGISTRATION DEADLINE:**

**7<sup>th</sup> April**

**ABSTRACT SUBMISSION DEADLINE:**

**27<sup>th</sup> March (to apply to give a talk)**

**REGISTER**

**VIA THE QR LINK:**

*Join us for day dedicated to  
interdisciplinary science in  
**structural biology and biophysics**  
with focus on **networking**, and  
**sharing of methods and  
expertise** available to researchers  
at Aarhus University.*

**TALKS BY  
INVITED EXTERNAL SPEAKERS  
& LOCAL AUSBI SPEAKERS**

**NETWORK OPPORTUNITIES**

**POSTER PRIZE**
