

**2nd joint event of the three research projects funded under the EU Horizon 2020 call on climate-smart and resilient farming (LC-SFS-19-2018-2019):
AGROMIX, MIXED and STARGATE**

10 November 2021
14:00 – 16:00 (CET)
Online: Zoom

Resilience in Agricultural Landscapes
Dealing with complexity in a changing climate

Agenda

14:00 **Welcome and Introductions from AGROMIX Coordinator**

14:05 **Keynotes:**

- “Crop and Livestock Insurance as an Enabler of Agricultural Resilience: The role of Earth Observation and Early Warning Systems”
Presenters: Anne Gobin (VITO & KU Leuven), Emmanuel Lekakis (AGROAPPS); STARGATE
- “Measuring resilience; a dialogue about two (very different) methods”
Presenters: Miranda Meuwissen (WU), Pip Nicholas-Davies (ABER); MIXED
- “Dark Resilience – how to overthrow systems and why agroecological principles matter?”
Presenters: Ulrich Schmutz (CU), Jessica Donham (Agroecology for Europe): AGROMIX

14:35 Tea/Coffee break

14:45 **Panel sessions:**

Climate Adaptation through the Use of Intelligent Geospatial Services
Session chaired by STARGATE

Assessing resilience through statistics and qualitative approaches
Session chaired by MIXED

Agroecological principles for resilient farming
Session chaired by AGROMIX

15:30 **Reporting from panel sessions**

16:00 **Roundup and Close**

Registration

Register in advance for this meeting:

<https://coventry-ac-uk.zoom.us/join/register/tZAtdOitpj8sEtxGAnMhsWhBxT1NwPkdNdys>

After registering, you will receive a confirmation email containing information about joining the meeting.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement no. 862993.
