

Programme NENUN 23. 25. November 2010 at LO-Skolen Helsingør.

Tuesday November 23

12.00-13.00 Lunch

13.00- 13.45 Introduction to NENUN – funding, rules, possibilities and requirements

13.45-14.00 Brake

14.00-17.45 Group presentation

14.00-14.15 Arctic microbial ecology at the Department of Arctic and Marine Biology, University of Tromsø.

By Mette Marianne Svenning and Alexander Tveit

14.15-14.30 Plant-Microbe Interaction and Microbial Biodiversity at the Department of Food and Environmental Sciences at the University of Helsinki

By Kim Olavi Yrjälä and Timo Petteri Sipilä

14.30-14.45 Matis at the University of Iceland.

By Snaedis H. Björnsdóttir and Solveig K. Petursdóttir

14.45-15.00 Brake

15.00-15.15 Finnish Environment Institute.

By Kirsten Jørgensen and Pirjo Anneli Yli-Hemminki

15.15-15.30 Microbial Ecology group, Department of microbiology at the Swedish University of Agricultural Sciences in Uppsala.

By Sara Hallin and Allana Welsh

15.30-15.45 Geomicrobiology group at Department of Biology, Centre for Geobiology, University of Bergen.

By Lise Øvreås and Vigdis Lid Torsvik

15.45-16.00 Brake

16.00-16.15 Section of Microbiology at The Department of Environmental Chemistry and Microbiology, National Environmental Research Institute, Aarhus University.

By Anne Winding and Tina Santl Temkiv

16.15-16.30 Principal Investigator in the Freshwater Microbial Ecology group at the Department of Ecology & Evolution, Uppsala University.

By Stefan Bertilsson and Alexander Eiler

- 16.30-16.45 The microbial biotechnology group at Department of Agriculture and Ecology,
University of Copenhagen.
By Peter Stougaard and Mette Haubjerg Nicolaisen
- 16.45-17.00 Brake
- 17.00-17.15 The molecular microbial ecology group at the Marine Biological Laboratory,
University of Copenhagen
By Lasse Riemann
- 17.15-17.30 Department of Environmental Engineering , DTU Environment at the Technical
University of Denmark.
By Barth F. Smets
- 17.30-17.45 Novozymes
By Preben Nielsen
- 17.45-19.00 Brake
- 19.00–21.00 Dinner

Wednesday November 24

- 8.00-9.00 Breakfast and walk in the park
- 9.00-11.45 Group presentation
- 9.00-9.15 The UMB Nitrogen group at the Norwegian University of Life Sciences.
By Åse Helena Frostegård and Linda Bergaust
- 9.15-9.30 Department of Geochemistry at the Geological Survey of Denmark and Greenland.
By Carsten Suhr Jacobsen
- 9.30-9.45 Department of Biological and Environmental Science at the University of Jyväskylä.
By Marja Tirola
- 9.45-10.00 Brake
- 10.00-10.15 Plant-Microbe Interaction and Microbial Biodiversity group at the Department of
Food and Environmental Sciences at the University of Helsinki.
By Kaisa Wallenius And Anu Mikkonen
- 10.15-10.30 Molecular and medical microbial ecology at Department of Clinical and Experimental
Medicine at the Division of Medical Microbiology at Linköping University.
By Per-Eric Lindgren and Pontus Lindblom

1030-10.45 The Molecular Microbial Ecology, Group at the Department of Biological Sciences,
Microbiology at Aarhus University.
By Andreas Schramm

11.45-11-00 Brake

11.00-11.15 The Center for Geomicrobiology, the Department of Biological Sciences, Aarhus
University.
By Mark Lever

11.15-11.30 The Molecular Microbiology and Ecology group at University of Copenhagen.
By Søren Sørensen og Lars Hansen

11.30-11.45 The Department of Biotechnology, Chemistry and Environmental Engineering at
Aalborg University.
By Jeppe Lund Nielsen

13.00-15.00 Workshop on priority of activities in NENUN

15.00-18.00 Continued discussion during excursion to Kronborg

19.00-21.00 Dinner

Thursday November 25

8.00-9.00 Breakfast

9.00-11.00 Inspirational talks on future use of molecular techniques in microbial ecology.

11.00-12.00 Summary of workshop, future activities in NENUN

12.00-13.00 Lunch for those who want (Optional)
