

Invitation to the

## 13th NORBARAG meeting 23–25 March 2022 in Zoom

It is a pleasure to invite you to the 13th NORBARAG meeting 23–25 March 2022, which will be held in Zoom.

The meeting will cover different aspects of pesticide resistance, especially, in the light of spreading resistance among pathogens, pests and weeds. Discussion will take place in three sub-groups ([fungicides – 23.03.2022](#), [herbicides – 24.03.2022](#), and [insecticides- 25.03.2022](#)). Each sub-group will have presentations on their own day, the planned starting time is 9.00 a.m., UTC+1.

### Topics include:

- Resistance screening and monitoring
- Resistance risk assessment and management
- Resistance management guidelines for the growers
- New products on the market
- Harmonization of the pesticide efficacy evaluation procedures and pesticide label

We kindly ask representatives from research institutes in Denmark, Estonia, Finland, Latvia, Lithuania, Norway and Sweden who are involved in pesticide resistance research and pesticide efficacy evaluation and representatives of the agrochemical companies, advisors and state officials operating in the Nordic–Baltic region to attend this meeting: **Suggestions for presentations are welcome and can be directed to the respective sub–group leaders or chairman regarding plenary session.**
