Deliverables list						
No <sup>1</sup>	Deliverable name	WP no.	Lead participant	Nature <sup>2</sup>	Dissemination level <sup>3</sup>	Delivery month <sup>4</sup>
D1.1						

<sup>1</sup> Deliverable numbers in chronological order. Please use the numbering convention <WP number>.<number of deliverable within that WP>. For example, D4.2 would be the second deliverable from work package 4.

<sup>2</sup> Please indicate the nature of the deliverable. For example Report, Paper, Book, Protocol, Prototype, Website, Database, Demonstrator, Meeting, Workshop.

<sup>3</sup> Please indicate the dissemination level using one of the following codes: PU = Public; INT= Internal (Restricted to other project participants); RE = Restricted to a group specified by the consortium; CO = Confidential, only for members of the consortium.

<sup>4</sup> Measured in months from the research project start date (month 1).

Milestones list					
No	Milestone name	Lead participant	Work packages involved	Delivery month <sup>1</sup>	Means of verification <sup>2</sup>
M1.1					

<sup>1</sup> Measured in months from the project start date (month 1).

<sup>2</sup> Shows how you will confirm that the milestone has been reached. Refer to indicators if appropriate. For example: a laboratory prototype completed and running; software released and validated by a user group; field survey complete and data quality validated.

- c) **Expected results and their impact/application**
  - d) **Description of novelty in methods or development opportunities**
  - e) **Justification of any planned research which is not allowed according to the current organic rules (if relevant)**
  - f) **Dissemination plan and/or exploitation of results.**
  - g) **Description and definition of potential risk to the implementation and success of the project.**
- B5 Statement describing how the proposal fits the call topic including identification of the added value/complementarity of the proposed research to previous or ongoing projects**
- B6 Statement describing how/why the proposal has a clear added value of being carried out on a transnational basis (European added value, transnational impact of the proposed project, including added value for participating countries and cross border problems, description of the specific integration of participants in the transnational consortium structure)**
